Education

Techno International Batanagar <i>B.Tech in Computer Science & Engineering</i>	2023 – 2027 7.95 CGPA
Nangi High School <i>Higher Secondary (WBCHSE)</i>	2022 – 2023 76.4%
Nangi High School <i>Secondary Education (WBBSE)</i>	2020 – 2021 94.8%

Projects

FlashGenius – AI Flashcard & Quiz Generator <i>React.js, TypeScript, Tailwind, TanStack Start</i> Live Site GitHub - Engineered a full-stack AI web application that parses unstructured study notes into dynamic flashcards and adaptive practice quizzes across varied input formats. - Architected a prompt-engineering pipeline enforcing strict JSON response schemas to eliminate malformed outputs and ensure consistent API parsing. - Designed end-to-end features including UI architecture, state management, and custom API integration for seamless web deployment.
InterviewPilot – AI Mock Interview Bot <i>React.js, TypeScript, Tailwind, TanStack Start</i> Live Site GitHub - Built a conversational mock-interview engine featuring dynamic role-specific interview flows, automated per-answer scoring, and structured feedback evaluation. - Implemented multi-turn context-state handling to preserve conversational accuracy and temporal continuity across evolving interview topics. - Developed objective evaluation logic to deliver candidates granular, actionable performance insights instead of unstructured feedback.
MatchMyResume – Resume vs. JD Analyser <i>React.js, TypeScript, Tailwind, TanStack Start</i> Live Site GitHub - Built an ATS-style scoring engine calculating structural and semantic relevance between resumes and job descriptions on a 0–100 metric. - Integrated automated keyword gap analysis to pinpoint missing skills and dynamically suggest factually grounded bullet point revisions. - Optimized the parsing pipeline for multi-format document ingestion and scalable context evaluation.

Achievements

Internal Smart India Hackathon (SIH): Awarded 3rd place in both 2024 and 2025 for designing and pitching scalable software solutions back-to-back across consecutive years.

Technical Skills

Programming Languages: Java

Web Development: HTML5, CSS3, JavaScript, TypeScript, React.js, Node.js, Express.js, RESTful APIs, Tailwind CSS, TanStack Start

Databases: MySQL, MongoDB

Developer Tools: Git, GitHub, VS Code, Postman

Certifications

Technology Software Development Job Simulation – Forage	2026 Credential
AI DevOps Analyst – Skill India	2026 Credential
